## CAREER OBJECTIVE

---

Recent graduate with a Bachelor of Science HES-SO in Business Information Technology, seeking to start a career in DevOps or network and systems administration. My goal is to apply technical skills while developing expertise within experienced and collaborative teams.

## EXPERIENCE

---

- |                                                                                                                                                                                                                                                                                                                                                                                             |                       |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------|
| <b>Inventory Clerk, Denner</b><br>Performed store inventories across Denner supermarkets in the Geneva area.                                                                                                                                                                                                                                                                                | Apr. 2022 – Nov. 2023 |
